

Perkins Coie is pleased to announce the launch of our second annual report [California Consumer Privacy Act Litigation Year in Review](#).

The California Consumer Privacy Act (CCPA) became effective on January 1, 2020, and regulates any "business" that does business in California.

Since the act went into effect, Perkins Coie has tracked every CCPA-related case filing. We have closely monitored the litigation for emerging trends and important developments in case law. Using this real-time tracking, we advise clients on risks and develop effective defense strategies for companies facing CCPA-related litigation.

Our CCPA report offers a summary of the past year's key litigation trends, important decisions, settlements, and other case outcomes.
