

Perkins Coie Ranked One of America's 2019 'Top Corporate Law Firms' by Forbes

Seattle (October 4, 2019) - Perkins Coie is pleased to announce that it has been ranked among America's "Top Corporate Law Firms" for 2019 by *Forbes*.

Perkins Coie was also noted by *Forbes* for being an "early entrant" into fintech and blockchain legal work and for the counsel it has provided to clients in this evolving area. The firm's Blockchain Technology & Digital Currency industry group was established in May 2013 and now consists of 60-plus attorneys who have helped over 300 clients on a range of legal issues, including regulatory, IP and enforcement matters.

This is first time that *Forbes* has ranked the top U.S. corporate law firms, and the rankings were based on a survey of over 2,500 in-house lawyers, practicing lawyers and other legal industry professionals across the country.

Perkins Coie is also dedicated to diversity and inclusion and has been named as one of *Fortune's* 100 Best Companies to Work For® and as a Top Ten Firm for Gender Equity by Yale Law Women in its 2019 Top Ten Firms for Gender Equity and Family Friendliness Report. In addition, Perkins Coie earned a top score in the Human Rights Campaign Foundation's Corporate Equality Index, a national benchmarking survey on corporate policies and practices related to LGBTQ workplace equality.
