

Perkins Coie Represents 11:11 Systems in Acquisition of Cloud Management Services Business From Sungard Availability Services

DENVER (August 26, 2022)—Perkins Coie is pleased to have represented 11:11 Systems, a managed infrastructure solutions provider backed by Tiger Infrastructure Partners, in its acquisition of Sungard Availability Services' Cloud Managed Services business. For more information, please see 11:11 Systems' press release [here](#).

The Cloud Managed Service business is a cloud management practice that provides transparency, control, and compliance to blue-chip, enterprise customers utilizing hybrid and multicloud environments to power their businesses. As a part of the transaction, 11:11 will gain a team of employees specializing in cloud management, customer service, AWS and Azure professional services and cybersecurity. The transaction will expand 11:11's footprint to 13 additional cloud points of presence.

The Perkins Coie deal team was led by Denver partner Sonny Allison and included partner Eric Walker, counsel Amelia Davis, and associates Katie Allare.

Perkins Coie is a leading international law firm that is known for providing high-value, strategic solutions and extraordinary client service on matters vital to our clients' success. With more than 1,200 lawyers in offices across the United States and Asia, we provide a full array of corporate, commercial litigation, intellectual property, and regulatory legal advice to a broad range of clients, including many of the world's most innovative companies and industry leaders as well as public and not-for-profit organizations.
