

Ted Boling Quoted in Bloomberg Law—US Must Weigh Climate in Oil Leasing After Ruling, Lawyers Say

Partner Ted Boling was quoted in "U.S. Must Weigh Climate in Oil Leasing After Ruling, Lawyers Say," an article in [Bloomberg Law](#),* regarding the need for the Council on Environmental Quality to re-issue NEPA guidance on the consideration of greenhouse gas emissions for all manner of infrastructure projects.

"I'd say the broader significance of the opinion is that it underscores the need for the Council on Environmental Quality to re-issue NEPA guidance on the consideration of greenhouse gas emissions for all manner of infrastructure projects," said Ted Boling.

Gleason's ruling is part of a "litany of recognition" that new NEPA guidance is important, Ted said.
