

The Shape of Things to Come: A Conversation with Andrew Kline, Director of Public Policy for the National Cannabis Industry Association

In our latest podcast, Perkins Coie partner Barak Cohen is joined by Andrew Kline, Director of Public Policy for the National Cannabis Industry Association, the youngest—and largest—cannabis trade association in the U.S. and the only organization representing state-sanctioned cannabis-related businesses at the federal level. Among other things, Barak and Andrew discuss key policy and legal issues faced by the cannabis industry as it confronts federal legalization, an economy-crippling pandemic, and the fallout of the Drug War.
