Upcoming Webcast: “Anatomy of a Proxy – Practice Tips from the Experts”

We have partnered with DFin to bring you a complimentary webcast - "[Anatomy of a Proxy: Practice Tips from the Experts](#)" - to be held on Wednesday, November 3rd from 2:00-3:00 pm eastern. Only a few weeks away. [Please register](#) to catch this program live - or to be able to access the video archive. This webcast is not only for those new to the proxy statement, it's also for those who are experienced and want to hear some practice tips and the parsing of some recent disclosures. So join Perkins Coie's own Danielle Benderly, Jens Fischer, Allison Handy and Broc Romanek as they offer practice tips for 17 different sections of a proxy statement - and also join DFin's Ron Schneider to parse some examples of what the disclosures actually look like for those sections. This will be an action-packed program, conducted within a framework that I don't believe has been done before.
