In this episode, Chris Wilkinson updates listeners on federal and state regulation of artificial intelligence (AI). Chris discusses his article published in *Bloomberg Law* titled "Employers, Take Notice as the DOL Crafts White House AI Mandates," in which he explains the U.S. Department of Labor's (DOL) new responsibilities under President Biden's AI executive order addressing such issues as discrimination, immigration, and worker displacement. In addition, Chris speaks about AB 331, California's landmark proposal to regulate AI.
