

Jasmine Wetherell, Kristine Kruger, and Natalie Sanders presented the webinar, "States' EPR and Packaging Laws: Complying with a New Environment of Waste Management Laws", which covered the following:

- An overview of new state EPR and packaging laws and regulations, which are gaining traction in the United States.
- The growth of litigation challenging sustainability claims and the use of on-pack symbols suggesting recyclability.
- The interplay and distinctions of recycling instructions versus recycling claims.
- Compliance tips for navigating this new environment.
