

The Consumer Financial Protection Bureau recently finalized a rule on personal financial data rights, implementing Section 1033 of the Consumer Financial Protection Act of 2010. This marks a transformative step toward open banking in the United States.

The CFPB's rule aims to create a more consumer-centric financial ecosystem, allowing consumers greater control over their financial data and offering them the ability to switch providers seamlessly.

## **Age of Disruption**

We live in a disruptive age, with ever-accelerating advances in technology largely fueling the disruption permeating almost every aspect of our lives. We created the *Age of Disruption* blog with the goal of exploring the emerging technologies reshaping society and the business and legal considerations that they raise.
